YEAR 'ROUND BARGAINS

You can find bargains every day in the year. They've always been there, but have you taken advantage of them? When you send a sealed parcel, do you pay first class fees or do you paste a printed sticker that states, "This parcel may be opened for postal inspection" and thus send it as fourth class mail which is much less expensive? When you send valises through the mail, remember that insuring them means their value will be repaid in case of loss; while registering them means that they will not be lost and that they will receive special handling.

Waleria PTA

The pot luck supper held at Waleria School last Thursday was a decided success, with more than 200 people served in addition to the children. More than 135 remained after the supper to hear the talks and to attend the business session. Everyone who can is urged to take part in these meetings.

J. H. Hull, superintendent of schools, reviewed the struggle to get the district's building program started, and said he expected the last hurdle to be cleared with the actual sale of the bonds on Tuesday. He said the new building to serve the Waleria area would be ready by next fall at the latest and that thereafter junior high school work will be given in the local school until the children are actually of high school age.

Walter Rehboldt, director of instruction in the Torrance city schools, told of his work in endeavoring to fit the child into his proper place so that all children get the most out of their schooling. He told of new teaching methods now employed in the schools and said that cooperation between parent and child is even more important now in the new educational policy.

Announcement was made that the local Community Chest drive would begin soon, and volunteers are needed. The Waleria group will be known as section 256-J. Volunteers may call Clare C. Farrell at the Welfare Center.

Calendar parties were given this week at Hollywood Riviera. Mrs. A. Patrosky and Mrs. G. Simpson entertained at a patio breakfast party in the beautiful out-of-doors living room at the Patrosky home. Guests were Mrs. Craig Grover, Mrs. Paul Barth, Mrs. Ken Niles, Mrs. Glen Gregg, Mrs. Richard Blakeley, Mrs. Claude E. Farrell Jr. and Mrs. N. N. Aselin. The two hostesses are also planning other affairs for women interested in P.T.A. work.
